Accessibility: [accessibility.mit.edu](#)

The screenshot displays the MIT App Inventor web interface. At the top, there's a navigation bar with the MIT App Inventor logo, links for 'Proyectos', 'Conectar', 'Generar', 'Ajustes', 'Ayuda', a language selector set to 'Español', and an email address 'maiafeer98@gmail.com'. The main workspace is titled 'Screens:' and shows a visual programming block for a button click event: 'cuando BotonContraseña .Clic ejecutar'. This block contains a 'si' (if) statement. The 'entonces' (then) branch contains the block 'abrir otra pantalla Nombre de la pantalla Milista'. The 'else' branch contains the block 'poner CampoDeContraseña1 . Texto como ""'. The left sidebar lists various categories: 'Integrados', 'Control', 'Lógica', 'Matemáticas', 'Texto', 'Listas', 'Diccionarios', 'Colores', 'Variables', and 'Procedimientos'. The bottom status bar shows 'Muy húmedo Ahora' and the date '13/12/2022'.
